The Enterprize Energy team began pioneering "Enterprize Energy +" in 1999 with the Ormonde hybrid concept. "Enterprize Energy +" means emulating the value chain-adding development of the earliest oil and gas companies that participated in "end-to-end" value-adding development, production and refining, but based upon low carbon resources.

Anguilla Electricity Company, LTD (ANGLEC) recently completed construction of its 1 megawatt (MW) solar plant which was integrated into ANGLEC's power grid - after a series of tests - on May 21st, 2015.

The Government also aims to enhance energy security in Anguilla. Energy security -has two key dimensions--reliability and resilience: Reliability means users are able to access the energy services they require, when they require them. Resilience is the ability of the system to cope with shocks and change?. 1
