What is a good portable solar generator?

If you want a portable solar generator that can power most appliances, the Jackery Explorer 2000 Pro is a good pick. It comes with a built-in 2200W inverter, meaning it can power most household appliances including a full size refrigerator, TV, blender and others. You can also run power tools off the 2000 Pro.

Which solar generator should I buy?

With its durable enclosure and ergonomic design, the GB2000 is our top choice if you're looking to take your solar generator outdoors. The 2,106-watt lithium-ion battery packs plenty of power in a relatively compact package, and the "parallel ports" make it possible to connect two units together, effectively doubling the power output.

Can a solar generator power a home?

A few years ago, solar generators were mostly good for camping and charging your phone in emergencies. Now, you can find a solar generator that can power your entire home. In fact, you can find a solar generator that's perfect for your specific application whether it's home backup, camping, RV or off-grid living.

What is the best solar generator for appliances?
