GoLive2 off-road camera via the adapter

With the GoCams you need the Spartan battery box with a solar panel attached to it because you can't connect a solar panel directly to a GoCam and it's also a 6 volt system. 0. Comment actions Permalink. Please sign in to leave a comment. Didn't find what you were looking for? New post.

Yes, it's a Spartan solar panel. She bought the GoLive2 and got a GoCam as part of the holiday promotion. It seems as if the threaded post on the camera is missing. Hard to imagine my GoLive solar cable plugs in camera and is held snugly in place when you thread the collar on but her GoLive 2 has nothing on the camera to snug the collar on.

Our Spartan Camera 10 Watt Solar Panel helps you decrease maintenance trips to your trail camera, leave less scent in the field, and save money on battery replacements. Charge your Spartan GoLive or Spartan Ghost directly to keep the internal rechargeable battery up and running without any external batteries or connect it directly to a battery ...

Amazon : Spartan Camera Spartan Trail Camera Solar Panel - 15W 12V 20inch - Solar Panel for Spartan GoLive or Ghost w/ Cable Bracket Battery Charger Kit Package Metallic : Patio, Lawn & Garden

Wish I would of read this before letting my husband sign the Solar Contract. Spartan Solar people have stopped all communication with us. They have refused to provide us a list of the charges. The salesman lied about rebuilding our roof within 1 year after installation and he also said that Georgia provides a \$17k credit for solar installation.
