ELIIY Power has equipped its products with communications functions since the first model went on sale and developed remote monitoring technologies to monitor the operational status of its electricity storage systems. Using this technology and communication networks, we have taken part in demonstration testing of virtual power plants (VPPs) and ...

An expression of eternal beauty, the golden ratio represents the fact that ELIIY Power is a future-oriented next-generation energy company focused on finding the right balance for our planet and its people. The design of all our employees" business cards and our "POWER YIILE PLUS" electricity storage system also employs the golden ratio.
