

What is Global Exergy Solutions?

Global Exergy Solutions is a company that provides sustainable growth solutions for industry. With more than 30 years' experience in the international energy and utilities sectors, they support energy and industrial companies on their journeys towards sustainability in a net zero world.

Who is exergy?

Exergy is a leading specialist recruitment consultancy dedicated to the diverse and challenging Global Energy and Infrastructure markets. Investing time and energy in understanding both the industry and our clients' businesses has given us a competitive advantage in staffing challenging, technical projects across the varied MEA region.

Why should you choose Exergy as a MENA based business?

As a MENA based business we truly understand the importance of the water industry. At a time of increased global need there is a clear talent gap in this sector. Exergy have worked hard to cultivate a global network of experienced water specialists to enable us to support projects across desalination, waste water, sewage and pipelines.
