

What is a fire resistant container?

A high-performance fire-resistant container designed to protect against lithium battery fires. Have a question about this? The fire resistant container is an innovative product that protects potentially flammable goods against the threat of fire.

Why is lithium battery fire protection important?

Prevent the threat of both internal and external fire spread with effective lithium battery fire protection. The insulating properties of the lithium battery container allow for the safe storage and transportation of high-value flammable goods. Lithium batteries have the potential to 'short', leading to thermal runaway.

Why is AVD a fire-resistant storage container?

The AVD fire-resistant storage container acts as a thermal shield, reducing the threat of potential heat transfer. That makes it the perfect solution for transporting and storing potentially combustible products, such as batteries, fireworks and other flammable chemicals. Make an enquiry to discuss your lithium battery fire protection needs today.

Are lithium batteries fire-resistant?

Lithium batteries have the potential to 'short', leading to thermal runaway. This poses a fire risk to the surrounding environment if these batteries are not stored appropriately. The AVD fire-resistant storage container acts as a thermal shield, reducing the threat of potential heat transfer.

Charging my home made packs and multiple drone batteries just doesn't work well in the small lipo bags so I decided to build one myself. I started off with a fireproof document box with a 2000 degree rating. I then took Ceramic Fiber fireproof insulation with a 2400 degree rating and wrapped it in weld cloth that has an 1800 degree rating.

A thick steel box is better but also not guaranteed to contain a fire. Advantages of both are that in case of a fire, exploding, overheated cells won't spread the fire to other areas with more flammable materials. And if the bag or box has handles you can possibly move the battery outside, for instance with the help of a broom stick.
