How does Globeleq help Mozambique's energy transition goals and EDM's operations? Globeleq collaborates with EDM on two key objectives. First, to ensure that Mozambique has reliable and cost-effective power generation capable of meeting its 2030 electrification goals. Second, to establish Mozambique as a regional power supplier of choice.

The board of directors of the African Development Bank (AfDB) announced on Wednesday, October 30, the approval of a loan of 3.1 billion meticals (54 million dollars) for a 120 Megawatt (MW) onshore wind farm, which will help position Mozambique as a regional energy centre. According to a statement from the institution, the bank's loan,...
