Envision Greenwise Holdings Limited (the "Group") (1783.HK) was founded in 1985 and was listed on HKEX's Main Board in August 2018. We specialize in business development in the green energy infrastructure sector and are committed to providing integrated one-stop smart energy management solutions to our global customers. More

The Renewable Energy Notice provides that Green Energy Certificates (GECs) are the only proof of the environmental attributes of green energy electricity and, as such, the only evidence for recognizing the production and consumption of green energy electricity. One GEC unit corresponds to 1,000 KWH of green energy power.

Chinese wind turbine maker Envision Energy believes "it's easy" to meet an international pledge made at the COP28 climate summit to triple renewables by 2030.
