

How many solar panels are there in Guernsey?

A solar panel project at a Guernsey charity is now complete and will power about 40 homes, Guernsey Electricity said. There are 310 photovoltaic panels on the roof of the newly reopened Guernsey Rural Occupational Workshop (Grow) site. The charity worked with Guernsey Electricity and The Little Green Energy Company on the scheme.

Does Guernsey have electricity?

The cable connection to France provides most of the electric energy sold in Guernsey, but the power station still needs to maintain sufficient capacity to generate power should the cable fail. There are eight oil-fired diesel engines and three oil-fired gas turbines.

What are Guernsey's on-Island initiatives?

Alan Bates, CEO at Guernsey Electricity, said: "These on-island initiatives are designed to increase the amount of electricity generated from local renewable sources. The electricity feeds directly into the island's network so that all our customers can benefit from locally generated, clean solar energy."

Where can I send a story to BBC Guernsey?

Follow BBC Guernsey on Twitter and Facebook. Send your story ideas to [channel.islands@bbc.co.uk](mailto:channel.islands@bbc.co.uk). There are 310 photovoltaic panels on the roof of the newly reopened Grow Ltd headquarters.

Guernsey Electricity and The Little Green Energy Company have been working together on the project, with the 310 photovoltaic panels able to produce 129-kilowatt peak power. Originally, Grow Ltd had planned for a ...
