

What is LG Energy Solution & JSW Energy doing in India?

LG Energy Solution and JSW Energy are discussing a \$1.5 billion joint venture in India to manufacture EV and energy storage batteries. The potential plant aims for 10 GWh capacity, with JSW utilizing 70% and LGES the rest.

Will lges and JSW build batteries together in India?

Reuters reported last year that LGES and JSW were in early talks to build batteries together in India. For LGES, which supplies Tesla, General Motors and Hyundai, the joint venture will establish its manufacturing presence in India where it is the top battery supplier to e-scooter makers like Ola Electric and home-grown rival TVS Motor.

Which e-scooter brands dominate India's electric car sales?

Domestic carmakers Tata Motor and rival MG Motor dominate India's electric car sales, while home-grown brands like Ola, TVS and Bajaj Auto lead e-scooter sales. Nominations for ET MSME Awards are now open. The last day to apply is December 15, 2024.

Where are our batteries made?

Products are designed and built at our facility in Newberry, Florida USA. Superior quality meets exceptional performance in every product we create. Our batteries are rigorously tested to meet the highest standards. Our products are approved & available worldwide. Your satisfaction is our priority. Speak with a real person for expert guidance.
