

Who is iqony solutions?

Iqony Solutions provides customized responses to the challenges of the energy transition. As a partner for all the issues related to decarbonization and digitalization, we support our customers with engineering expertise.

What services does iqony offer?

In addition to solar, wind and geothermal energy, the portfolio includes hydrogen solutions, storage technologies, engineering services and gas-fired power plants. Specializing in tailor-made solutions for complex challenges, Iqony draws on its broad and in-depth knowledge of the energy industry across the full range of technologies and services.

Why should you choose iqony solutions?

As a partner at your side, Iqony supports you with the challenges from the transmission network to the industrial network. Iqony Solutions offers customized solutions for the challenges of the energy transition. As a partner for all topics relating to decarbonization and digitalization, we support our customers with engineering expertise.

Who is iqony solutions do Brasil?

Iqony Solutions do Brasil, is a wholly-owned subsidiary of Iqony Solutions GmbH, with approximately 400 employees and with a services portfolio of more than 16 GW in various technologies.
