

At Talisman Energy, he was the Production Director for the UK, and Chief Operating Officer for Global Energy Group. Gordon led Wood's business in the strategically important Russia/Caspian, Saudi Arabia and wider Gulf regions before taking on the role of CEO at Score Group Limited. ... battery storage and wind solutions. As SVP of Kenera ...

Kenera has developed tools to aid our crews and make procedural compliance a choice that people consciously take. Our innovations in this area support personnel in making the right choice with the right information and with the understanding that a course of action will affect not only their own safety, but the safety of others and the overall ...

Rebecca Clarke, SVP Kenera, (KCA Deutag's technology and energy transition business), gives her thoughts and insights. It's my belief that women encounter numerous hurdles in the energy sector, particularly in achieving senior and technical roles where they are currently underrepresented, with only 32%[1] of middle management roles held by ...

Kenera, part of the KCA Deutag Group, provides innovative solutions in the hydrocarbon and clean energy sectors. We are a leading rig equipment Original Equipment Manufacturer (OEM) and service partner offering drilling rig solutions, aftermarket service support and ...

The ceremony was held under the auspices of His Excellency Mohsin Bin Hamed Al Hadhrami, Undersecretary of the Ministry of Energy and Minerals, and took place where the rigs are being constructed at Kenera's ...

In support of Kenera's strategy to expand in renewable energy markets, this 10-year partnership brings together CPH2's Membrane-Free Electrolyser(TM) technology and Kenera's industry-leading manufacturing capabilities to supply hydrogen electrolysers across Europe and provides Kenera with an exclusive technology licence across the Middle ...

The KCA Deutag Group is committed to playing an active role in the energy transition, investing in and delivering solutions that ensure a sustainable and responsible future. Our Kenera business unit drives our efforts to support the energy transition. As part of the KCA Deutag Group, Kenera brings together over 130 years of experience ...

The energy sector is transforming by aiming to reduce emissions, increase efficiency and diversify fuel sources. This change brings both challenges and opportunities for women, who are underrepresented and often face career barriers. Rebecca Clarke, SVP Kenera, (KCA Deutag's technology and energy transition business), gives her thoughts and insights.

Through our industry partnerships we are participating in the development of decentralised and containerised electrolyser solutions to support the production of green hydrogen. Our Battery Energy Storage System (BESS) is a power management solution enabling drill rigs to run efficiently with either fewer engines or lower engine loads to help ...

Kenera has been awarded a contract to deliver five top drive systems to a Saudi Arabian drilling contractor for new build rigs which will operate at a major Unconventional gas project in Saudi Arabia. ... Positioned to support decarbonisation, Kenera also offers solutions across the energy transition including carbon emissions management, green ...

The relationship with CPH2 adds to our clean energy portfolio and we look forward to actively collaborating with their team as we expand our business in the energy transition space and create value for our stakeholders by delivering our innovative technological solutions, manufacturing and after-sales expertise."

We are creating efficiencies through technology and engineering to develop applications for oil & gas, emissions reduction, green fuel and clean energy. Our multi-disciplinary technology & engineering division seamlessly integrates into ...

Our story. For over 20 years, our building energy management system (BEMS) experts have been trailblazing the way to net zero smart buildings. Our integrated approach to optimising the way buildings use and conserve energy has helped thousands of UK businesses and commercial properties achieve - or work towards - ambitious sustainability, energy efficiency and healthy ...

Creating the space to be brave - An equitable future for new energy. Helmerich & Payne announce agreement to acquire KCA Deutag; KCA Deutag appoints new SVP Kenera Urenco selects Kenera for Battery Energy Storage System; Equinor selects KCA Deutag's Kenera for major electrification project on Askepott rig

We are delighted to hear you're interested in our work. Our team will be in touch at their first convenience. In the meantime, please find information below about our products and services, the benefits we have brought to established companies and the ways in which we can help you realise the same outcomes.

Providing maintenance, facilities management, servicing and support for the energy sector to the highest safety standards **TECHNOLOGY & ENGINEERING** Creating efficiencies through technology and engineering applications for oil & gas, ...
