The Deye 5kW Hybrid Inverter is a cutting-edge solution for residential and commercial energy systems. With its advanced hybrid technology, this inverter seamlessly integrates solar power, battery storage, and grid electricity to provide a reliable and efficient energy management system.

The experience with Smart Energy SA was riddled with missed appointments, rotation of excuses for missed deadlines which bordered on the bizarre at times. After countless delays the solar system was installed. That was not where the poor service ended, my roof is leaking as a result of incorrect installation protocols and am I now battling to ...
