

What is bbox?

Bbox is a data-driven platform that provides innovative technologies and financing for energy access for millions of people across Africa. Through a range of clean energy products, Bbox is catalyzing economic development and making progress on the Global Goals.

What's new at Bbox?

Bbox has announced two new solar energy products: Flexx10, an affordable 'plug and play' portable solar lantern, designed for rural customers and those who are mobile. These new additions expand Bbox's offerings of clean energy, clean cooking, mobile technology, and accessible finance solutions.

What is Flexx by bbox?

Flexx by bbox is a new brand launched by Bbox to help the company reach the other 75% of communities that it has not yet served, having already delivered clean energy solutions to over 2 million people globally, with substantial operations in countries including Rwanda, Kenya, Togo, and the Democratic Republic of Congo. Many of these products are aimed at the top 25% of rural communities.

Where does Bbox launch its new brand Flexx?

Bbox first launches its new brand Flexx by Bbox in Rwanda and Kenya. It will expand to other Bbox markets, including the Democratic Republic of Congo, in subsequent months.

Can bbox replace LPG?

De Muylder: Bbox's vision for clean cooking is scaling LPG in Africa as a transition fuel from charcoal to the next fully green fuel. Hopefully, in 20 years there will be a sustainable substitute for LPG. Once proven and cheap, it can replace LPG and scale using the same infrastructure. With it, our vision may change.

Prices start from USD65 (or RWF 59,200) for a one-year electricity trial, and we are offering discounts of up to 33%. If you want to send energy to someone in Rwanda, please go to epay.bbox.uk. The first 100 customers get an additional discount of \$10 (or RWF 9,100) on their purchase, using the promo code: `transf2`.

bPower20 is the Bbox's latest entry-level "plug and play" solar home system designed for rural households and micro-businesses with basic appliance requirements. The system specifically targets lighting applications. Once connected, it is ready to power LED light bulbs, torch, radio, and a phone charger.

We have started Bbox Kenya in 2011. Bbox Kenya is a next generation utility dedicated to transforming lives and unlocking potential through access to energy. We have positively impacted over 500,000 Kenyans by providing clean, reliable and affordable electricity to their homes, communities and businesses for the first time.

Bboxx plans to partner with LPG companies to scale access to clean cooking LPG to reach more than 10 million households by 2028, impacting more than 50 million people, and saving more than 60 million trees each year.
