

HR Director at Rezolv Energy &#183; Pracovn&#237; zkusenosti: Rezolv Energy &#183; Lokalita: Hlavn&#237; mesto Praha &#183; Pres 500 spojen&#237; na LinkedIn. Pod&#237;vejte se na profil uzivatele Miroslava Ambr&#243;zyov&#225; na LinkedIn, komunitte profesion&#225;lu s miliardou clenu.

Rezolv Energy CEO Alastair Hammond stated: "We are proud to be contributing to Bekaert's decarbonisation objectives through this VPPA. By signing it, Bekaert is also enabling the first phase of the VIFOR project, a large-scale wind farm that will play a significant role in Romania's energy transition. Phase 2 will help us meet even more ...

Rezolv Energy, un producator independent de energie curata axat pe energie durabila &#238;n Europa Centrala si de Sud-Est, a anuntat cea de-a treia tranzactie importanta de la &#238;nfiintarea sa &#238;n august 2022. &#206;n parteneriat cu Low Carbon, Rezolv va construi doua parcuri eoliene onshore &#238;n Rom&#226;nia cu o capacitate combinata de p&#226;na la ...

Rezolv aims to build a multi-gigawatt portfolio of wind, solar and energy storage. This will help companies and countries across the region meet their energy needs in response to energy security challenges and climate policies. It will take renewable energy projects from late-stage development through construction and into long-term operation.

Rezolv Energy has acquired the rights to build and operate a 229 MW solar plant in Silistra Municipality in north-eastern Bulgaria. Named "St. George", construction has started in Autumn 2024 and the plant is expected to be completed before the end of 2025. Once constructed, it will be one of the largest solar power plants in Bulgaria.

Bucharest, 4 July 2024: Rezolv Energy, the Actis-backed independent power producer in Central and Southeastern Europe, through their project subsidiary First Looks Solutions S.R.L., have signed a 10-year Virtual Power Purchase Agreement (VPPA) in Romania with Bekaert, a global leader in steel wire transformation and coating technologies. ...

Ardagh Glass Packaging-Europe (AGP-Europe), an operating business of Ardagh Group, announced today that it has entered a long-term Virtual Power Purchase Agreement (VPPA) with Rezolv Energy's St. George solar photovoltaic (PV) project in Bulgaria, securing renewable electricity for its glass manufacturing operations across Europe from April ...

Rezolv Energy power producer said it has selected three companies - CMC Europe, Solarpro and Green Solar Energy - to build a 229 MW solar park in northeastern Bulgaria. Facebook LinkedIn Spotify Twitter

Praga, 19 iunie 2024: T-Mobile Czech Republic, Slovak Telekom si CE Colo Czech Republic, toate parte a grupului Deutsche Telekom, au semnat acorduri virtuale transfrontaliere de cumparare a energiei electrice (VPPA) cu Rezolv Energy, producator de energie regenerabila cu sediul &#238;n Praga, sustinut de Actis. Acestea sunt primele VPPA transfrontaliere care au fost ...

Rezolv Energy is focused on south-eastern Europe, and it's a region which enjoys some of the best natural conditions for solar in Europe. Countries like Greece, Bulgaria and Romania receive ...

Rezolv Energy secured up to EUR 90 million in debt financing two weeks ago for St. George, from the International Finance Corp. (IFC) and Raiffeisen Bank International. Of note, the company's main shareholder, sustainable infrastructure investment firm Actis, agreed earlier this year to be taken over by private equity firm General Atlantic.

We enable a clean future by turning renewable energy projects into long-term operating wind and solar parks. We are a highly experienced, independent renewable energy producer providing clean power at a long-term, stable price ...

Rezolv Energy already owns more than 2GW of clean energy being prepared for construction in Romania, including what will be Europe's largest solar project; Rezolv Energy, an independent renewable energy ...

Rezolv was established to lead the energy transition in Central and South Eastern Europe. This is a region which has historically relied on fossil fuels for most of its energy needs. There is therefore an urgent need to accelerate the transition to clean power, both to meet climate targets and to tackle air pollution, which continues to be a ...

Replacing fossil fuel production with renewables delivers the maximum possible emissions reduction impact, helping countries meet their climate targets and improving air quality. It also enhances energy security, which has become a major political priority across this region. Accelerating the energy transition is an economic priority too.

Alastair has over 25 years" experience in evaluating and delivering large, complex projects across a range of technical disciplines. For the past 15 years he has been responsible for the contracting, construction and operations of over 200MW of wind and solar PV across Central and South Eastern Europe.
