

Who is Lesso solar?

LESSO Solar is a comprehensive new energy group specializing in research, production, sales, and service. Our business includes centralized ground-mounted, industrial, commercial, and residential solar solutions.

What is Myanmar's Solar potential?

In the short- to medium-term, off-grid solar home systems and mini-grid solar /solar/hybrid projects aim to connect households in remote locations where the costs of grid access are prohibitively expensive. The Asian Development Bank estimates Myanmar's potential solar resource at 27 GW. To date, very little of this potential has been realised.

Where is Lesso located?

PT. Lesso Technology Indonesia Find all LESSO's overseas production bases. Now located in United States, Indonesia, Malaysia and other countries. China LESSO is going to expand global production, will soon establish production bases in Cambodia, Myanmar, the Philippines, Sri Lanka and more.
