

Who is Myanmar Solar power trading?

Myanmar Solar Power Trading Co.,Ltd is established in 2011 and we are one of the leading full-service providers for C & I projects, residential, industrial and large scale solar projects in Myanmar. From a single point of contact, we provide solar PV designs, calculations, consultations, installations and repair and maintenance services as well.

Is there a solar power system in Myanmar?

In Myanmar,there are solar-powered battery charging stations,solar lighting,solar home systems,and village solar minigrids. However,there is no data available on their overall capacity and extent.

What is Myanmar's Solar potential?

In the short- to medium-term,off-grid solar home systems and mini-grid solar /solar/hybrid projects aim to connect households in remote locations where the costs of grid access are prohibitively expensive. The Asian Development Bank estimates Myanmar's potential solar resource at 27 GW. To date,very little of this potential has been realised.

Sun Power Company was established since 1998. Being an oldest solar company in Myanmar, Sun Power has been distributing solar panels since 18 years ago. By using solar energy in Myanmar, we firstly introduced residential LED lighting system in 2009 and commercial LED lighting system in 2011.
