

What makes Neoen unique?

Neoen is one of the world's leading independent producers of exclusively renewable energy. The geographical and technological diversity of our assets and project portfolio underpins our development and performance. Our "develop to own" business model is unique. We own nearly 93% of our plants, and operate them in our own name in the long term.

Who generates electricity in Cameroon?

Presently, electricity is generated by independent power producers (IPPs) and Energy of Cameroon (ENEO) (the latter also doubling as the sole distributor), to consumers over a transmission network managed by National Electricity Transmission Company (SONATREL).
