India-based Tata Power has joined forces with Bhutan's generation utility Druk Holding and Investments' subsidiary, Druk Green Power (DGPC), to develop at least 5GW of clean energy capacity in Bhutan. The partnership aims to strengthen Bhutan's regional energy security, as well as support the transition to renewable energy.

Interest in co-locating solar PV with energy storage is increasing in Southern Europe, as grid curtailments and negative or near zero prices for solar PV become more frequent.

A March 1 decision by the Public Utilities Commission of Nevada will not only result in the conversion of NV Energy's coal-fired Valmy Generating Station to run on natural gas, it will fully eliminate coal-fired generation from the utility's portfolio and allow it to add--with conditions--400 MW of solar resources, plus storage and new transmission infrastructure ...

(IN BRIEF) In a landmark move, the European Investment Bank (EIB) has granted a EUR150 million loan to Bhutan, marking its first-ever investment in the country. This funding aims to bolster Bhutan's renewable energy sector, particularly through the development of solar photovoltaic and hydropower schemes. ... The investment, signed during the ...

NV Energy on July 19 released details of its fifth amendment to the company's 2021 Integrated Resource Plan. These include conversion of the existing North Valmy Generating Station in northern Nevada to run on natural gas instead of coal and the utility's purchase of 400 MW of new solar capacity and 400 MW of battery storage. The company, a ...

The European Investment Bank (EIB) has agreed to lend EUR150 million (\$160.2 million) for renewables in Bhutan, in order to fund solar and hydropower installations in remote regions. Solar ...

The projects will help NV Energy meet Nevada's renewable energy deployment targets as well as control costs for customers, while helping the utility meet peak demand load. Arevia was advised by Patrick Groomes and Brenda Hanzl, who also advised Arevia in its prior negotiations with NV Energy on the 690 MW Gemini solar-plus-storage project ...

The newly announced projects will be added to NV Energy's current portfolio of 53 geothermal, solar, hydro,

wind, biomass projects both in service and under development, including 2,191MW of new ...

(IN BRIEF) In a landmark move, the European Investment Bank (EIB) has granted a EUR150 million loan to Bhutan, marking its first-ever investment in the country. This funding aims to bolster Bhutan's renewable energy sector, ...

Bhutan Power Corp. (BPC) has launched a tender to build the country's first ground-mounted solar plant.. At just 180 kW, the planned project is Bhutan's first attempt to deploy renewables ...

Thimphu, Bhutan, 27 September 2024: A largest ever delegation of 17 EU Member States" (13 Ambassadors), led by H.E. Hervé Delphin, Ambassador of the European Union, will visit Bhutan from September 28 to October 1, 2024. Invited by the Royal Government of Bhutan, the delegation's visit aims to reaffirm the ongoing cooperation and deepen the growing political ...
