The solar subscription payment is separated from your monthly TNB bill and your energy supply is still with TNB. You will continue to receive your TNB bill as usual and SOLS Energy will send a separate bill to you for the solar subscription plan at your contracted rate.

If the energy generated is not fully used, you can supply the excess to TNB grid. When solar energy is insufficient or at night when there is no access to sunlight, TNB will supply the energy to you. By generating your own electricity, you will use less energy from TNB. Therefore, this will help to lower your electricity bill.

In a statement today, TNB said to enhance the accessibility of its solar packages, GSPARX has partnered financial institutions to offer a range of financing options which include a 36-month interest-free instalment plan via a credit card or a loan with a repayment period of up to 10 years.
