

Photovoltaic panel installation case in tile-roofed houses

Can solar panels be installed on a tiled roof?

Installing solar panels on roofs is a popular choice for several reasons: low chances of shade from nearby objects, ample space that serves no other purpose, and closeness to your home. How are solar panels fixed to a tiled roof? Solar panels are mounted on a system of rails and roof hooks. The rails float above the roof tiles.

How do I install roof-integrated solar panel roof tiles?

Roof-integrated solar panel installation is a simple process with Marley SolarTile®; - just secure the fixings, place the first tile, push-fit additional tiles and then attach final fixings and flashings.

Can you make a whole roof out of solar panels?

It is possible to create a whole roof out of solar panels using an in-roof system. Making the whole roof out of solar panels can be a fantastic option as installing solar panels is an asset to the home because of the savings in electricity and feed-in tariff payments. Why not consider making it your total roof covering?

What are solar roof tiles?

Solar roof tiles are slightly different to other types of solar technology as they blend seamlessly with your roof while providing your home with green electricity. This makes them the perfect match for people who want to benefit from cheaper energy bills and renewable energy, but don't like the look of solar panels.

What is a 'in roof' solar panel?

'In roof' solar panels are very similar to 'on roof' panels, the only real differences being that with in roof solar panels, the panels serve a dual purpose, acting both as the roof covering and as generators of electricity. Tiles are not required under an in roof system.

Are solar PV roof tiles a good choice?

An ideal choice for both roof refurbishments and new-build projects, Solar pv roof tiles provide an uncluttered aesthetic with no visible brackets or racking, as well as easy maintenance and our market-leading 15-year guarantee. Marley SolarTile®; can be fitted as part of a typical roofing project and installation is fast.
