With a focus on sustainability and renewable energy, the company offers installation services for solar panels and related products to help customers reduce their carbon footprint.

Unfortunately, the increase in panels necessitated an upgrade to our mounting system. We moved from a single-post tilt sanction to a fixed four-post mount. I should state that the RPS equipment worked perfectly for the 7 days our power was out; this was merely an upgrade. The existing panels were Back 40 Solar and the new panels were Rich Solar.
