

What is a Solahart powerstore?

The Solahart PowerStore is a battery storage system designed to work with a solar panel system. It is available in a range of sizes, from 5.5 kWh to 17.6 kWh. It is designed to help households store excess solar energy during the day for use during peak energy periods or at night.

What products does Solahart offer?

Solahart offers a comprehensive range of solar products, including solar power systems, solar hot water solutions, heat pumps, battery storage, and the innovative Solahart PowerStore - Australia's first solar-smart electric water heater. Take control of your energy consumption and future-proof your home against rising utility costs.

Are you happy with the Solahart powerstore?

On the monitoring it shows 89% of hot water energy in the last year from solar (see attached). It has been amazing. Couldn't be happier. I came across the Solahart PowerStore. Has anyone had any experience with this and if so are they happy with it? The Solahart PowerStore is a battery storage system designed to work with a solar panel system.

Does the Solahart powerstore work with a home energy management system?

The Solahart PowerStore seamlessly integrates with both new and existing solar power systems, making it a versatile addition to any setup. Pairing it with a compatible Home Energy Management System (HEMS) enhances efficiency, leading to even greater savings. Discover a smarter way to utilize your solar energy with Solahart PowerStore.

How is Solahart powerstore different from conventional water heaters?

Solahart PowerStore is different to conventional water heaters in three important ways. It is designed to intelligently interact with your solar panels to divert excess solar power when it's available for maximum efficiency.

Where can I buy a Solahart water heater?

Since 1953 we have installed more than one million solar systems worldwide. Solahart Water Heaters are only available through Authorised Solahart Dealers, who are all trained and qualified to high standards. Our simplest and most efficient water heater Slimline design for minimal visual impact International Commercial Solutions

Combining a Solahart PowerStore system with a compatible Home Energy Management System (HEMS) will result in greater savings. Your Solahart dealer can put you in touch with a selected HEMS provider. Adding HEMS to your Solahart PowerStore system allows you to purchase energy when it is cheaper by shifting loads away from peak demand periods.
