

What is a solar street light?

All-in-one Solar street light range up-to 12000 Lumen. Integrated solar street light with Lithium Ferro Phosphate battery, solar panel and charger built into the luminaire. Independently tilt-able LED source and pole mounting bracket allows light beam to focus on road, and solar panel towards the sun.

How does a solar street light work?

Integrated solar street light with Lithium Ferro Phosphate battery,solar panel and charger built into the luminaire. Independently tilt-able LED source and pole mounting bracket allows light beam to focus on road,and solar panel towards the sun. Microwave based motion sensor for optimizing battery autonomy.

Do solar lights need brackets?

Brackets are almost always requiredfor solar lighting installations. This is because the solar is almost always mounted to the top of the pole and the fixture needs to be mounted lower on the pole. The fixture bracket allows the fixture to mount directly to the same pole and out away from the pole at times.

What is a LED based solar street lighting system?

A LED based solar street lighting system consists of a Solar PV Module,Solar charge controller,battery,and LED based luminaries,all suitably mounted on a pole. The battery is charged by electricity generated through the PV module during day time and the luminaries provides light from dusk to dawn.

What size poles do I need for a solar light system?

The poles provided for standard light applications are quite different from what is provided for a solar lighting system. Solar poles are typically very large,with a 4-6" tip and an 8-14" base,and should always be round. Square poles do not allow for mounting the solar and fixture in any direction and tie you to four direction orientations.

What are the features of a solar power system?

Independently tilt-able LED source and pole mounting bracket allows light beam to focus on road, and solar panel towards the sun. Microwave based motion sensor for optimizing battery autonomy. Replaceable Lithium Ferro Phosphate battery for long life and hassle free operations.
