

StB Giga Factory Inc, an Australian-Chinese joint venture, has officially inaugurated a PHP 7-billion (\$124.6 million) production facility for lithium iron phosphate (LFP) batteries in the Philippines. The factory, located at the Filinvest Innovation Park in New Clark City, Tarlac province, will supply the renewable energy and automotive sectors.

StB Giga Factory Inc, an Australian-Chinese joint venture, has officially opened a PHP-7-billion (USD 124.6m/EUR 112.2m) production complex for lithium iron phosphate (LFP) batteries in the Philippines, which will serve the renewable energy and automotive industries.

Our Chairman, Trevor St Baker AO, highlighted that the inauguration of the StB Giga Factory marks a pivotal moment in our commitment to ramp up production to 2 Gigawatt-Hours of batteries by 2030. This initiative not only fosters growth in bilateral trade and investment between Australia and the Philippines but also emphasizes our focus on sustainable energy solutions.

StB Giga Factory Inc. inaugurated a P7-billion battery production facility in New Clark City in Tarlac province, representing a landmark investment that Search. 27.3 C. Philippines.
