

What are the different types of solar powered lighting products?

Our range of solar lighting products include smaller fairy lights and outdoor string lights, stake lights, lampposts and even novelty themed lights. So, if you 're looking for a subtle twinkle, or need to illuminate a pathway, then we will have the perfect solar powered lighting solution for you.

Are solar lights good for your garden?

Solar lights are environmentally friendly lighting and with a good set, you can create an ambience that lets you enjoy your garden long after dark. Powered by solar panels, they absorb daylight and convert it to electrical energy, charging your lights so they're ready to go at night.

Where can I buy Pir solar garden lights?

[...] Buy PIR Solar Garden Lights at Screwfix.com. Illuminate the garden with renewable energy, Cost effective. Light activated via movement. Improve the aesthetics of any garden. Free returns.

Are solar lights eco-friendly?

Unlike mains-powered lights, solar lights are cheap and easy to install, and because these eco-friendly lights are powered by the sun, they'll save you money on electricity bills and batteries. With the right lights, you can have effective, automatic garden lighting that won't break the bank.

How do I choose a solar powered light?

If you're looking for solar-powered lighting to increase outdoor visibility at night or ward off unwanted intruders, look for motion-activated options, such as the BAXIA motion sensor lights. A light's brightness is measured in lumens. The higher the lumens, the brighter the light will be.

What are the best outdoor solar lights?

For an affordable lighting option that adds ambience to your outdoor space, we recommend the 33-foot-long Brightown Outdoor Solar string lights. Available in seven colors (we tested white), these fairy lights survived all of our durability tests and were easy to install, with only two stakes needed for the solar panels.
