

Sunmate is an Australia-based solar company specialized in residential and commercial solar systems. With 10+ years of experience, Sunmate provides homeowners, businesses, and communities with simple and affordable clean energy. We offer complete solutions that are tailored to our customers' needs and level of investment.

Sunmate Solar Nig Ltd Ichida Mall, No.126B Alaba International Market Road, Ojo, 102113, Lagos Click to show company phone Nigeria : Business Details Component Types Inverter ...

Off-grid photovoltaic system refers to a power generation system that operates independently without relying on the power grid. It mainly consists of solar panels, energy storage batteries, charge and discharge controllers, inverters and other components. The electricity generated by the solar panel directly flows into the battery and is stored.
