Syn X Energy provide a solution to the worldwide waste issue without impacting the quality of modern-day life. In doing so, we produce valuable products such as Sustainable Aviation Fuel, Renewable Diesel, Hydrogen, Ammonia, Methanol, Electricity and create energy solutions and opportunities for major industries.

Mark is the most outstanding HR and OD practitioner I have worked with and I would endorse him unreservedly. Mark worked directly with and for with me at Allan Gray at a time of extraordinary growth and change and was responsible for overhauling our HR strategy and the design and implementation of a coherent employee value proposition and much-improved employee ...

5. März 2018; A new solar panel roof has been inaugurated at the Vatican to provide renewable energy to the museum. It's part of Pope Francis' plans to ensure the city state in Rome runs entirely on green energy. Italian energy supplier ACEA installed the photovoltaic roof in just six months in the Courtyard of ...

However, the city's solar installations, which include solar panels installed on the rooftop of Paul VI's conference hall, mean that the city can now generate enough energy to power all of its ...
