One and two-door wall mounted electrical enclosures in steel or stainless steel. Designed to house electrical controls, instruments and components from clean, indoor NEMA type 1 conditions to harsh, outdoor environments of NEMA type 4 and 3R, for weatherproof protection from rain, sleet and snow.

Wall-Mounted vs. Free-Standing Enclosures: Size Implications. The type of installation plays a significant role in the size of your enclosure. Wall-mounted and free-standing enclosures serve different purposes, and their sizes reflect that. Wall-Mounted Enclosures: These are usually smaller and more compact. They are designed to be fixed on a ...
