How much do Trina Solar panels cost?

The cost of Trina Solar panels varies based on local installation costs, shipping, and other market factors. As of April 2024, the average cost per watt for solar panels is \$3.00. As a highly reputable brand, you can expect Trina Solar panels to be around that average or higher. Guaranteed customer service may increase costs, but it's worth it.

Does Trina offer a warranty on solar panels?

Contrary to Trina's standard 10-year workmanship warranty, most Vertex solar panels come with a 12-year warranty and 25 - 30 years power warranty. The Vertex 550W TSM-DE19 MBB /535 - 555W has a max output of 555W on a 110-cell module, with a 21.2% module efficiency.

Who makes Trina Solar panels?

Solarwyse carries Trina Solar Panels, one of the world's most experienced solar manufacturers. Trina Solar Panels began in 1997, and in the years since, has grown into one of the top manufacturers of solar energy solutions and PV modules.

Are Trina Solar panels a good choice for residential installations?

Trina Solar panels are a good choice for residential installations as they offer high production levels and reliability. The 360W panel boasts a 19.5% efficiency, which is achieved through the usage of half-cut cell design and Multi Busbar technology.
