

From April 4th to 6th, Huasun Energy made its debut in Istanbul, Turkey, showcasing the Everest G12R Series and the Himalaya G12 Series modules, cells, and wafers at the Solarex Istanbul. This presented a dazzling ...

Representing Huasun Energy, Christian Comes, Director of Business Development Europe, delivered a presentation titled "Understanding PV Module Supply to the European Market in 2025." His insights provided an in-depth analysis of Europe's solar market trends and highlighted the advantages of Huasun's heterojunction (HJT) solar modules.

On October 3, 2024, the three-day Renewable Energy India (REI) 2024 event kicked off at the India Expo Centre. As a leader in heterojunction (HJT) solar sector, Huasun made a grand return to this prestigious annual exhibition, ...

With its premium HJT products and services, Huasun has delivered over 7 GW of HJT products worldwide, contributing to the goal of a zero-carbon future. During the exhibition, Huasun's UK partner, Solartricity, highlighted the advantages of HJT technology, including high efficiency, high energy yield, and exceptional reliability.

19 ????&#0183; By Huasun Energy . December 20, 2024. Facebook Twitter LinkedIn Reddit Email Huasun has taken part in the 2024 edition of EnerGa&#239;a France in Montpellier, showcasing its cutting-edge, high ...

Huasun Energy was recently shortlisted in two key bidding categories for the 2024 annual photovoltaic (PV) module procurement by China Energy Engineering Corporation (CEEC) with a total procurement volume of 2 GW. This achievement underscores Huasun's leadership in the PV industry, driven by its advanced product quality and technical ...

Leveraging efficient HJT 3.0 technology, Huasun empowers PV products to reach new heights in power generation capacity, injecting sustained momentum into Turkey's green energy industry. At Solarex, Huasun ...

At SOLAR & STORAGE LIVE KSA 2024 in Riyadh Front on October 15-16, Huasun Energy showcased its G12 and G12R high-efficiency heterojunction (HJT) solar modules, receiving acclaim for their exceptional power generation and high-temperature stability.

A leading name in the HJT space, solar cell and module manufacturer Huasun Energy has an industry-leading 20 GW annual production capacity. Huasun Energy's Senior Pre-sales Technical and Product Support

Manager Kayn Huang started by sharing the company's "record-breaking" 768.938 W output and 24.75% efficiency for the Himalaya G12-132 module.

At the Intersolar Europe 2024, Huasun Energy garnered significant industry attention due to its remarkable innovation and technical prowess. During the exhibition, Huasun effectively showcased its latest technological advancements and state-of-the-art heterojunction (HJT) solar products, while also fostering stronger partnerships with global collaborators.

On October 2-3, 2024, the 2 nd Brazilian Forum on Centralized Power Generation (GC Forum) was held in São Paulo, Brazil. David Tsaava, Regional Sales Director of Huasun Energy, and Christian Comes, Director of Business Development for Europe, presented heterojunction (HJT) solar technology to an audience of over 300 industry experts.

19 ???&#0183; Huasun Energy has delivered 1,386 of its V-Ocean heterojunction (HJT) modules for the 800 MW Phase 1 of a Power China offshore project in Qingdao, Eastern China. The 1 GW project is Power China ...

4 ???&#0183; On December 11-12, 2024, EnerGa&#239;a took place in Montpellier, France--known as the "Sunshine City"--attracting global leaders and enterprises in the new energy sector to explore opportunities for green energy development. Huasun Energy showcased its cutting-edge, high-efficiency heterojunction (HJT) 0BB (0-busbar) flagship products, marking a ...

Huasun keeps focusing on developing superior solar energy, especially HJT. We think that HJT is the next mainstream cell technology platform. Let the video take you to understand Huasun in an all-roun...

At the Smart Energy Forum 2024 in Prague on October 9-10, Christian Comes, Director of Business Development Europe at Huasun Energy, presented the company's heterojunction (HJT) technology and cost-effective strategies for photovoltaic projects to over 100 industry professionals, receiving notable acclaim.

On November 28, Bloomberg New Energy Finance (BNEF) announced its 4Q 2024 PV Module Maker Tier 1 List, and Huasun has once again secured a spot, marking a significant achievement for the year. Known f...
