Will Tongwei buy Runergy?

Tongwei has presented a CNY 5 billion (\$698.9) million offer to acquire Chinese solar module maker Runergy. If successful, the transaction will be the largest M&A deal in the PV sector this year.

Will Tongwei buy a rival solar company?

Ad Choices Help;2024Bloomberg L.P. All Rights Reserved. Tongwei Co., one of China's largest solar manufacturers, plans to acquire at least 51% of a smaller rival, as consolidation accelerates in an industry grappling with oversupply and losses.

Why did Tongwei buy LDK Solar?

Tongwei's approach of acquiring solar assets during downturns and expanding against the trend isn't new. Back in 2013, amid China's solar industry crisis following the European Union's imposition of anti-dumping and anti-subsidy measures, Tongwei made a bold move by acquiring LDK Solar for RMB 870 million (USD 122 million).

Is a 'capital increase intention' agreement a big deal in PV?

If successful, the transaction will be the largest M&A deal in the PV sector this year. Tongwei, a vertically integrated solar manufacturer in China, has signed a "capital increase intention agreement" with China-based module producer Runergy, its major shareholders, and Chinese state-owned investment management company Jiangsu Yueda Group.

How is Runergy acquired by Jiangsu Yueda?

The deal outlines a multi-step acquisition process. Initially, Jiangsu Yueda will inject CNY 1 billion (\$139.7 million) into Runergy. Tongwei will then conduct due diligence, auditing, and valuation before finalizing the capital increase, which implies the acquisition of the company.

Does Runergy produce solar cells in Southeast Asia?

Data from InfoLink shows that Runergy has significant solar cell production capacity in Thailand and Vietnam. However, factories established by Chinese solar companies in Southeast Asia face substantial challenges due to recent US trade policies.
