

Why do I need a card to install photovoltaic panels

Why should you install solar panels?

Installing solar panels lets you use free, renewable, low carbon electricity. You can sell surplus electricity to the grid or store it for later use. According to low-carbon certification organisation MCS, there were more than 183,000 solar panel installations across the UK in 2023.

What is a solar PV system?

power being generated by solar panels or be used in a home. Here are some quick definitions to help you. Solar photovoltaic (PV) systems are made up of several panels. Each panel has many cells made from layers of semi-conducting material, usually silicon.

Why should you choose MCS certified solar panels?

This means having MCS certified solar panels installed by an MCS accredited installer. Schemes such as the Smart Export Guarantee (solar PV) and the Renewable Heat Incentive (solar thermal) can help you cut down on the solar panel UK costs and earn a quicker return on your investment in solar.

How do I choose the best solar panels?

You'll want to compare at least three quotes to get the best deal, do your research on solar panel brands, and make sure your installer and supplier are both MCS certified. If you've already started researching solar panels, you will have seen the acronym 'MCS' floating around, which stands for the Microgeneration Certification Scheme.

Can I install solar panels myself?

Technically, you can install solar panels yourself, but we wouldn't recommend it. We don't doubt your handy work, but a trained professional with an MCS certificate will be able to install solar panels to the standard you'd ideally want - and to the standard expected by the Smart Export Guarantee.

How do I get an MCS certificate for my solar panels?

Your installer usually takes care of getting an MCS certificate for your solar panels during the installation. But to be eligible for an MCS certificate, your solar panel installation must first: Your installer should issue your MCS certificate within 10 working days of wrapping things up.
